

# The Wyoming County Family Resource Center

---

The Wyoming County Family Resource Center is located on 19 Bank St in Pineville, WV which is centrally located in rural Wyoming County and will provide outreach services to isolated communities as there is no public transportation. The mission of the Center is children will be raised in safe, stable and nurturing homes and live in supportive communities, with citizens who work together to provide opportunities for every individual. The Family Resource Center will bring local family and community resources together into the same venue, expand awareness of available resources to isolated communities and access to these services for all families. The Center's community-based efforts will support family strengths, promote community investment and ownership, and provide the needed resources for families to improve their family well-being and reduce the risk of child abuse and neglect, and juvenile delinquency. The center does not seek to duplicate or compete with local services, but to coordinate county-wide partnerships that enhance and expand the reach of Wyoming County's services to all families. With the combined outreach and referral services of each agency, Wyoming County families will be assured of being connected with the most beneficial resources our community has to offer. Being centrally located in Pineville close to DHHR, Board of Education, St Vincent De Paul (utilities asst, food, clothing and home repair), Healthy Department, Court House, Food Pantry and Clothing Center provides quick access to resources, The Center will house supportive programs that will strengthen their families such as: the Baby Pantry, Prom Closet, Healthy Families/Healthy Children (Relationship, Parenting and Financial programs), Partners in Prevention (Child Abuse and Neglect prevention programs), Wyoming County Prevention Partnership (Substance Abuse Prevention services), Students Against Destructive Decisions. The Center will offer community programs for all ages, ensures that the center will have a warm and welcoming atmosphere and provide outreach services to isolated communities. The Family Resource Center will centralize Wyoming County's resources, better meeting the needs and enriching the lives of all Wyoming County families.
